AS TO CROPS: Under the varying conditions of soil and climate, it is absolutely impossible for any seedsman to guarantee the results of seeds. We, Chase & Company, therefore, in common with American seedsmen, give no warranty, express or implied, as to the description, quality, productiveness or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. We cannot, under any circumstances, assume responsibility for more than the actual price paid for seeds. If the purchaser does not accept the goods on these terms they are at once to be returned.
